

Remarks

The various parts of the Office Action (and other matters, if any) are discussed below under appropriate headings.

Allowable Subject Matter

The allowance of claims 1-10 is noted with appreciation, as is the indicated allowability of claim 12.

Specification

The Examiner requires a more descriptive title that is more clearly indicative of the subject matter to which the claims are directed. Accordingly, the title has been amended to "TELECOMMUNICATION SERVICES APPARATUS AND METHODS FOR ADDRESSING THE PROBLEM OF MOBILE TERMINATED MESSAGE FAKING". This broadly follows the wording used at page 2, line 14, of the specification.

Claim Objections

Claim 10 has been amended to correct the typographical error kindly noted by the Examiner.

Claim Rejections - 35 USC § 101

Although exception is taken to the rejection under 35 USC § 101, claim 11 has been amended to render moot the rejection and further to recast the claim as an independent claim. In view of the amendment to claim 11, claim 12 has been cancelled.

New Claims

New claims 13-21 have been added to cover permutations of features previously covered by original multiple dependent claims.

Conclusion

In view of the foregoing, all of the claims have been allowed or are dependent from an allowed or allowable claim. Accordingly, request is made for timely issuance of a notice of allowance.

Respectfully submitted,

RENNER, OTTO, BOISSELLE & SKLAR, LLP
